FMR

The FMR sets the standard for Sports Scooters. Available with a 4 stroke motor on both the 50cc and 125cc models, the FMR continues to build on the success of it's predecessors by offering reliability and ease of use in a package which represents exceptional value. The bike features great handling and race inspired design to compliment the pokey 4t motor and great fuel economy all in one scooter. If you're looking for a scooter that offers desirable design with performance that's beyond skin deep then the FMR is a choice you'll be glad you made!
