## ZSX-F

Building on the success of the Lexmoto ZSX 125cc the ZSX-F provides an upgraded specification to offer the best commuter option available on the market. The new ZY125 engine delivers a fantastic smooth and reliable performance which is ideal for those looking to obtain a hassle free commute. With a half faired body the ZSX-F is able to provide weather protection to the rider whilst maintaining a comfortable seating position. With LED indicators and Headlight accents the bike remains visible at all hours which is a valuable asset for any rider. The under-seat storage is complimented with a luggage rack which is great for those who value the convenience. With a digital display which conveys fuel, gear, speed and trip functions the bike is able to keep its rider up to date with everything that they need to know. The ZSX-F now features an upgrade of a rear disc brake and a mono rear shock to further improve the bikes handling and control. With the new upgraded specification the ZSX-F provides the ultimate value in commuter motorcycling.
